Visakhapatnam India

I am an enthusiastic competitive programmer, web developer, and UI/UX component designer. I have achieved a 2-star rating on CodeChef and have developed several projects using HTML, CSS, and JavaScript. Currently, I am contributing to **AlgoZenith**, where I work in two domains: as a web developer and as a graphic designer.

Education

Graduation

Course: computer science and Engineering-Artificial Intelligence

College: Vignan's Institute of Information Technology, Visakhapatnam

Percentage:90%

College: Sri Chaitanya Jr college	School: Marvel school
Percentage:98.5%	Percentage :100%

Skills

- UI/UX Development
- Web Designing
- Frontend Developer
- Competitive programmer

Projects

UI/UX components

- I have developed interactive UI components that enhance the website's visual appeal and contribute to a unique user experience.

Password-Generator

- I developed a password generator capable of creating unique and secure passwords. This allows users to specify the desired password length for customization.

To-do-list

- Implemented features to mark tasks as completed and provided an option to delete all tasks upon completion.

My portfolio

- I created a dedicated showcasing my projects, which includes UI components, JavaScript applications, and graphic design work
